

Dear Supporting Member,

The success and strength of the Mt. Mansfield Ski Club comes in part because of our supporting members like you.

The 2015 season was an exceptional season for MMSC and our athletes. We have had athletes compete and succeed at their respective national championships. Many junior athletes qualified for State and Eastern title events in what is arguably one of the most competitive regions in the country, and all of our athletes succeeded in improving their skills while having fun. Additionally, we hosted a number of prestigious events and these events were exceptionally well run through the hard work and dedication of our staff and volunteers.

At MMSC we are looking forward to an even more successful 2016 season. Many of our older athletes have been busy throughout the summer and fall utilizing our strength and conditioning center. The commitment of our athletes is matched by the commitment and quality of our coaching staff at all levels. We will continue to host many great races and events for our junior programs, UVM Carnival, Sugar SL, and FIS Finals and the Stowe Ski Bum Series.

Thank you and we hope you will continue your support of MMSC.

Sincerely,

Igor Vanovac
Executive Director
